

WOOD CHIPS

Northwest Indiana Woodworkers Association

Volume 13, Issue 10 October 2009

October President's Corner,

Greetings Members, Hope all of you are busy in the shop. I am tidying mine a bit. I have been making a violin with Carl Mills and he has shared so many ideas with me about tools and techniques in woodworking. All I can say is wow! This is what our Club is all about. Learning not only from the speakers but from each other and our library. Northwest Indiana Woodworkers Association is a great club that I have been privileged to serve as President for one year and Vice President for two years. I will not be on the 2010 ballot for any office; however I will serve as past president on the executive board. There are many very capable members that can continue to lead our club in the right direction. This I am sure of. The presidency is not a difficult job. You act on the members behalf. You keep an open mind and open door to ideas. The difficult part is deciding to run for office. Just remember you can do it!

Marcie

Note: One of our long time members Mike Novasel passed away, he will be missed.

HUMOR

A young boy around seven years old got separated from his father at a large woodworking show, remembering what his parents had told him to do in such a situation he approached a security guard and reported that he had lost his dad.

"What's he like?" the security guard inquired.

"Mom says beer and women." the boy replied
