Feb 2009 Newsletter Information

3 Special interest Groups These groups are open to members of any skill level. We are here to learn and to share our knowledge!

Carving SIG At 6pm before the February Membership Meeting, Carl Mills will be giving pointers on carving a face on a flat piece of stock. Bring your carving tools and ideas. Don't have any carving tools and want to carve. Come to this SIG and join in the fun!***Scroll Sawing SIG*** Dick Sader is leading this group. There has been much discussion at the NIWA Monthly Breakfast about this SIG. If you have interest see Dick Sader.***Turning SIG*** Denny McCool is heading this group. He will be passing a sign up sheet to see if there is enough interest. Even if you are busy for the next few weeks. Talk to Denny if you are interested so he can have a count.

Library Book Sale There will be a book sale at the February Membership Meeting. Come early. You may find that book you need for your home library.

Jig Show & Tell Bring your jigs to this month's membership meeting. There will be a Jig Show & Tell in addition to the regular Show & Tell. Tell us all about the jig, how it is made and how it makes life easier for the woodworker.

April's 2x4 Challenge If you haven't started your 2x4 project you still have time. Pick up the rules at the February and get going. This is a separate show and tell and there will be prizes. If you are not able to attend the meeting, contact John Hunter for information.

Good News! If you notice that Bob Roach is walking on air, you are right! Bob's grandson Eric Roach is a wrestler at Crown Point High School. Eric's record is 38-0. He is going to the State Championship meet in Indy. Go Eric! Go Bob!

Reminder Bring empty ink jet and laser cartridges to the meeting for our recycling program. Ask family, friends and business associates to donate cartridges. Keep them out of the landfills. Claudia Brazil is in charge of the Recycling Program.

Fair time Aug. 7,8,9,10 2009 Sign up to demonstrate or work at the Fair. We need a tentative program by the March meeting. See Marcie White and John Hunter for times available.

Trip to the Lumber Mill There is a trip to a Lumber Mill in the planning. Jerry Kaifetz has a local mill and will be at the February discuss details.

Daniel Klein, Executive Director for Habitat for Humanity will speak to us at the February general meeting.

He will have a presentation about the Organization and then will open up for questions. We are having Dan come to see if there is an interest in the Organization. This could be a possible outreach for our club.
