

Wood Chips

Northwest Indiana Woodworkers Association

Volume 12, Issue 12

December 2008

Happy holidays! I hope you are well and in good spirits.

This time of year always makes me think why we should be happy and be thankful for what we have in our lives.

I can tell you what is important to me.
Without Family I would be without love.
Without dreams I would not have goals.
Without Friends I would not know friendship.
Without out God In my life I would be lost.
What does this have to do with our Club?

Everything! In the years that I have been with our Club, what I have learned cannot be measured. I joined the club to learn more about woodworking. Little did I know what the outcome would be?

I did learn about woodworking but more importantly I learned
What kind of people are in our Club!

Our members make toys for children they don't even know and ask for nothing in return.
Seems to me this sounds a lot like love.

One might say, now wait these children aren't family.
We are all God's children, doesn't that make us family?
Because of you I know the real meaning of friendship.

I feel that you have accepted me for what I am and I will always be your friend.

In the last two years I have had dreams for our Club.

The dreams turned into goals and goals into reality.

We gathered together, we worked hard to make things happen.
Now look at our Club today and ask yourself, did we do a good job?

I think you did a great job however there is more work to do.

Next year we will have a new president and vice president.

Please give them the same support you gave to me.

I know without a doubt there are great things to come.

So keep an open mind and heart.

Sincerely

David T. White

Bill Marlowe of Portage, IN has opened up his home to us for a field trip, February 7, 2008 at 1:00 p.m. Bill has a unique collection of antique, restored tools. There are many valuable planes and other items to see. He will also be glad to appraise any old tools you think might be of value. He is always looking for antique tools to purchase.

If you are unable to attend the field trip to Bill's he is willing to make separate appointments by calling him at 219-763-1125.

Please car pool if possible because street parking is limited in this residential area.
